## A Time for Skin Renewal & Celebrations

*The Powder Room Celebrates our 4th Anniversary and Thanksgiving with Moisturizing Skincare Services & Products*

I can hardly believe it, The Powder Room Makeup Oasis & Boutique is celebrating our Fourth Anniversary this month! I feel like it was just yesterday that I was working with experts in the makeup and skin care industries to create the luxurious makeup oasis & boutique that you see today. Four years and many fabulous customers later, we will be honoring you, our client, this Thanksgiving as we sit down with our family and loved ones. Enjoy your holiday and the Powder Rooms's exciting new services and specials we have created just for you!

### Our Total Moisture Facial Renews and Moisturizes Skin While Diminishing Fine Lines & Wrinkles

For the month of November, The Powder Room is featuring our Total Moisture Facial to prepare and hydrate your skin as we head into late Fall and early Winter.

Our specialized facial, designed by our Managing Esthetician Karli, provides your skin with light exfoliation followed by an infusion of intense moisturizing products to increase skin elasticity, hydration, and the appearance of fine lines and wrinkles. Featuring a thorough cleansing and exfoliation with the Clarisonic Cleansing System, two hydrating masks, a facial massage and moisturizer, the Total Moisture Facial is completed with an application of THE CURE CREAM with an SPF of 20.

As a special gift to celebrate our 4th Anniversary, all clients that purchase this facial will receive a complimentary .5 oz bottle of Dermaquest's Advanced B5 Serum.

### Moisturize, Moisturize, Moisturize

To maintain your healthy, moisture-drenched skin we recommend both Natura Bisse's THE CURE CREAM and Diamond Drops DNA Shield. Combined with the Total Moisture Treatment, these products will continue to infuse Natura Bisse's patented formulas into your skin for a fresh and protected face.

THE CURE CREAM is a light refreshing emulsion that softens and smooths while detoxifying the skin from within. THE CURE also contains the key ingredient SIRT-AP, a Modulating Sirtuin Peptide that helps increase the skin's lifespan, improve resistance to stress and prevent premature aging and the appearance of fine lines and wrinkles.

- Replenishes skin and provides balanced, all-day hydration.
- Restores aged skin and slows down the oxidation process.
- Promotes clear skin and a radiant complexion.
- Leaves skin feeling extraordinarily dewy and fresh.

Diamond Drops is an extraordinary DNA shield that hydrates and softens the skin while restoring elasticity. This serum is applied over the day cream, creating a trans-epidermal membrane that protects the skin by ensuring the absorption of previously applied treatments. Its extraordinary protection and immediate lifting effect smooth fine lines and wrinkles.

#### BENEFITS:

- Contains Marine DNA that acts as a protective barrier against environmental aggressors.
- Skin immediately feels soft and silky.
- Diminishes signs of fatigue and stress.

### Kelly's November Picks

This month we have been focusing on preparing your skin for the dryer air that accompanies late Fall and early Winter. Below, are a few of my favorite "must haves" to keep your skin looking pretty and plumped!

#### Dermaquest's C-Lipoic Lip Enhancer Moisturizes & Plumps Your Pout

This fantastic Vitamin C lip treatment containing Alpha Lipoic Acid and Palmitoyl Oligopeptide moisturize and increase lip volume while stimulating new cell growth for rosy, healthy lips.

- Improves lip texture
- Restores the density of the derma layer
- Plumper, poutier, sexier lips

#### Hourglass Cosmetics Oxygen Mineral Powder Foundation Evens Out Skin Tone While Allowing Your Skin To Breathe

This mineral-based foundation powder formulated with a unique oxygen delivering agent promotes skin's health, while allowing the skin to breathe.

- Absorbs oil and shine creating a soft matte finish
- Added Vitamin E helps condition and nourish the skin.
- Combines light-diffusing pigments and a specially treated powder to soften the appearance of minor imperfections, fine lines, and wrinkles
- Vegan, Oil, Talc, Paraben, Fragrance, Sulfate and Phthalate Free

#### Clarisonic Opal Sonic Infusion System combined with Dermaquest's Advanced B5 serum creates a 1-2 punch moisturizing while reviving the delicate skin around the eyes

A palm-sized sonic infusion device, the Opal is specially designed to help build skin's resilience over time and prevent future damage around the eye. By gently tapping the skin around your eye at 125 sonic movements per second with Dermaquest's Advanced B5 Serum, the Opal maximizes absorption in a way that is not possible with your finger alone.

- Immediately hydrates, leaving skin feeling refreshed
- Noticeably firmer skin after 4 weeks
- Reduces appearance of fine lines and puffiness in as little as 8 weeks
- Improves skin texture

Formulated with Sodium Hyaluronate, Dermaquest's Advanced B5 Serum, this excellent product is a dermal hydrator which holds 1000 times its molecular weight. It is easily recognized and accepted at the cellular level, allowing active ingredients to effectively penetrate the skin.

- Promotes skin cell regeneration which helps reduce fine lines and wrinkles
- Promotes skin firmness, softness and elasticity
- Improves moisture retention
- Advanced liposome technology repairs and prevents DNA damage from UV and environmental oxygen radicals

### Happy Thanksgiving From Your Girls At The Powder Room!

Thanksgiving is a time to celebrate the many blessings of the year with family and friends. This Thanksgiving we ask that you remember those that cannot be home because they are protecting both our country's freedom and our lives.

If you see a soldier walking down the street please take the time to say "thank you." It doesn't have to be an elaborate production, just a simple thank you in passing will let them know that you appreciate the sacrifices they have made.

Thank you for your patronage at The Powder Room and we wish you and yours many blessings for 2012.
